WEEKLY REPUBLICAN-1917
DAILY PUBLIC LEDGER-1917

MAYSVILLE, KENTUCKY, THURSDAY, JANUARY 18, 1917.

ONE COPY—ONE CENT.

DOMESTIC SCIENCE

Teacher of the Mayville High School
Resigns Before a Meeting of the
Board of Education—Will
Go to Paducah.

A meeting of the Board of Education
of Mayville Public Schools was held
last night in the superintendent's of-
fice in the High School building. The
meeting was an ended one, none of the
usual routine business being con-
sidered.

Miss Julia Van Arsdale of Flem-
ingsburg, who has been employed as
the instructor of Domestic Science in
the High School, appeared before the
Board and asked for her resignation.
After hearing her cause for resigning,
the Board unanimously accepted her
resignation.

Miss Van Arsdale will remain as in-
structor in this branch of study until
the end of the first semester or until
January 26. She will then go to Pa-
ducah, Ky., where she has accepted a
similar position in one of the schools
in that city.

The Board then discussed to some
length the matter of engaging a teach-
er for the place left vacant. It was
finally referred to the District and
Teachers Committee of the Board, af-
ter some little argument as to the ad-
visability of continuing the lunch
stand at the noon hour.

Superintendent Caplinger was re-
quested by the Board to interview
Mayor Lee and to secure his co-opera-
tion in the matter of enforcing the
ordinance barring minors under 18
years of age from pool rooms. The
Board took the stand that the pool

rooms were a menace to the welfare
of the schools and felt that the Mayor
and police officials would see that this
law is carried out to the letter.
Superintendent Caplinger then ex-
plained to the Board the workings of
the new system of promotion to be
placed in usage at the beginning of
the second semester. An explanation
of this will be found elsewhere in to-
day's Ledger.

Mrs. Cora A. Peddicord left yes-
terday for Pittsburg to take Levada
Thomas to her parents in that city.
The girl claims that she was cruelly
treated by her parents and ran away.

TOBACCO SALES

Yesterday Were Very Light—Only One
House Reported Sales, The Farm-
ers and Planters.

Only one house reported sales yes-
terday, the Farmers and Planters. At
the Home the sales were blocked and
at the Peoples, Independent-Central,
Liberty, Growers and Amazon no sales
were reported.

Very little tobacco is arriving in
this city on account of the heavy
snows making the journey to the mar-
ket very uncertain. A number of
those bringing tobacco have loaded
trucks and yesterday it was not an un-
common sight to see sleds loaded in
such manner.

Following is the sale reported from
the Farmers and Planters house:

Pounds sold	138,990
High price	\$38.00
Low price	11.25
Average	15.81

GIEHLS FREED

After a Trial Lasting Almost Six
Hours—Decisive Battle Won By
Young Chiropractor.

Dr. Roy Giehls, local chiropractor,
who was recently arrested for prac-
ticing medicine without a proper li-
cense in the State of Kentucky, was
tried yesterday afternoon before a
jury in Squire Fred W. Bauer's Court
and after a trial lasting about six
hours was acquitted by the jury. The
case attracted a great number of peo-
ple interested in its outcome.

The trial of Dr. Giehls was set for
Wednesday afternoon but owing to
the fact that the chief witness for the
defense was not present the trial was
postponed until yesterday morning. At
10 o'clock the trial began. Some lit-
tle time was spent in securing a jury
for the case.

The first witness for the prosecu-
tion was Deputy County Clerk Arthur
Wood, who produced the medical re-
cord of the county and swore that the
defendant had not secured a license
for practicing medicine in this state.
Dr. W. H. Taubee was then placed
on the witness stand. He testified that
Dr. Giehls had opened offices in the
First-Standard Bank building and
that he was advertising in the local
papers. He was examined on the ques-
tion of the relation of osteopathy and
chiropractic and stated that his un-
derstanding of the matter was that
they were the same.

Dr. C. W. McClanahan was then
called to the witness stand. He gave
in substance the same as Dr. Taubee's
testimony and then gave a tele-
phone conversation he had overheard
while in his office, the conversation
was between Dr. Giehls and a pa-
tient. The conversation had no direct
bearing on the case.

Mr. O'Donnell, attorney for the de-
fense, then made a motion to dis-
miss the case as he thought the Comm-
onwealth had failed to prove a case
against his client for practicing medi-
cine without a license. This motion
was overruled by the court and the
trial was resumed.

Dr. George P. Lambert, a chiroprac-
tor from Flemingsburg was the only
witness used by the defendant. He
said that he had been practicing in
this state for over a year and had not
secured a license to do so. He was
questioned to some length as to the
methods used by chiropractors and
he gave all of the answers very
quickly and clearly.

The attorneys then made their ar-
guments before the jury. The prosecu-
tion contended that medicine included
the practice of any treatment of the
human body for ailments. The defense
argued that Dr. Giehls was not prac-
ticing medicine, insofar that he did
not give drugs of any kind. Both
lawyers made brilliant speeches.

The jury composed of the Messrs.
Henry Shea, James Clarke, James Ire-
land, Sherman Arn, George Frank and
George Bishop returned the following
verdict: "We, the jury, find for the
defendant."

PLANS MADE FOR BROADENING SCOPE OF LEAK

Washington, January 17—Empow-
ered to employ counsel and expert
stock exchange accountants and given
thirty days longer to report, the House
Rules Committee today temporarily
halted its peace note "leak" hearings
to consider what lawyers shall be
sought to direct the broadening scope
of the investigation. It was an-
nounced yesterday there would be no
public session tomorrow and prob-
ably no other testimony will be heard
until the plans have been perfected
and counsel familiarized with the sit-
uation.

In the meantime the prominent
financiers and bankers summoned as
witnesses probably will be permitted
to return home to await a further call.

JOE CARR BURY

Marion, Ohio, January 16—Joseph
F. Carr, Columbus, President of the
Ohio State League, in a communica-
tion received today by the Chamber
of Commerce makes inquiry as to
whether Marion will be interested in
affiliation with the league, which will
be one of eight cities, the circuit to be
confined to Ohio.

There will be a meeting within the
next week of Marionites who are es-
pecially interested in the national
game, at which it is expected to have
Mr. Carr present. It was announced
yesterday the circuit will be composed
of eight cities, selected from the fol-
lowing: Ironton, Portsmouth, Chillicothe,
Lancaster, Newark, Zanesville,
Mansfield, Marion, Lima, Findlay and
Canton.

VISITED MASON COUNTY SCHOOLS

(Fleming Gazette)

Friday Messrs. N. J. Power, J. H.
Armstrong, C. L. Dudley and Dr. J. C.
S. Brice, members of the Board of
Trustees of the F. G. H. S., went by
auto for a short visit to the consolida-
ted school at Mayslick and Washing-
ton. They have under advisement the
calling of an election in the district
for the purpose of voting on a bond
issue for school building improve-
ment and are desirous of getting ideas
of an up-to-date school building. The
Board is endeavoring to determine
just what is needed in the building
line and to find out the character of
building best adapted to the school
needs, before calling the election.

COUNTY COURT

In the Mason County Court yester-
day on motion of John R. Downing,
father of Charles O. Margaret M.
Mary H. and Patsy O. Downing, he
was appointed as their guardian with John
Downing as surety.

THOMAS F. KILGORE

Mr. Thomas F. Kilgore of this city
died on Tuesday night at the state
hospital for the insane at Lexington.
Mr. Kilgore had been in this institu-
tion for only a week and his death
came most unexpectedly.

Mr. Kilgore was born in 1848. He
was a confederate in the Civil War
serving under Morgan. For many
years he followed the life of a farmer
but for the past few years he has
been in this city. He is survived by
his wife, who was Miss Lide Stevens.
The funeral will be held in this city
on Friday morning with burial at Ger-
mantown.

Miss Carroll Matthews has returned
to her home in this city after a visit
with relatives and friends in Flem-
ingsburg.

GET-TOGETHER BANQUET

Will Be Held by the Chamber of Com-
merce in This City on Next Wed-
nesday Night.

A meeting of the Board of Directors
of the Mayville Chamber of Com-
merce was held yesterday afternoon
in the headquarters of the organiza-
tion in the First-Standard Bank build-
ing and plans were laid for the hold-
ing of a "get together banquet" on
next Wednesday night. The place of
holding the banquet was not decided
upon.

Following the Tobacco Fair and
Corn Show a banquet was suggested
by a number of members of the Cham-
ber of Commerce in celebration of the
successful way in which it was con-
ducted. The time was then set for
some time soon after the holidays.
With the resignation of Mr. Boone as
secretary of the association the at-
tention of the Board of Directors was
drawn to other channels and nothing
further was said until yesterday
concerning the proposed banquet.

This election of a new secretary dis-
posed of the Board turned their atten-
tion to the banquet and after some dis-
cussion on yesterday decided to hold
the same on next Wednesday night.
This banquet will be complimentary
to Mr. Grimsley, the new secretary,
and a farewell to Mr. Thomas F.
Boone, who will shortly leave for
Henderson, Ky., having accepted in
position as secretary of the Board of
Trade in this city.

This banquet is not alone for the
members of the Chamber of Com-
merce but all citizens interested in the
business men's club and in the welfare
of the city in general are invited. This
event promises to be one of the
events of the kind held in this city for
a number of years. The committee
on arrangements has not been an-
nounced to the press but they are
working diligently to see that all
plans are carried out to the fullest
and every arrangement that can be
made for the success of the spread
will be looked after.

WAIVED EXAMINATION

Robert Crawford, who is charged
with burning Bethany Church near
Springdale on the night of Decem-
ber 30, was arraigned before Judge W.
H. Rice yesterday and waived exami-
nation. He was held over to the March
term of the Grand Jury and his bond
placed at \$500. A large number of
witnesses and spectators from the
Cabin Creek Valley were in the city
to hear the trial and all were greatly
disappointed.

HOSPITAL NOTES

Mr. Lee Dinger passed a very rest-
ful night.

Miss Catherine Highlander of Mur-
physville underwent an operation for
appendicitis yesterday. Dr. A. O. Tay-
lor performed the operation. She is
recovering nicely from the effects.

Nice lunch will be served at Wo-
man's Club card party Friday even-
ing.

WHEN WERE YOUR GLASSES FITTED?

Your eyes change as you grow old-
er. Have us to EXAMINE your eyes.

CEMBER 11.

C. L. WOOD, CASHIER.

A NEW POLICY WORKS LIKE THIS

Mr. John Sample, age 35, pays \$29.46 per thousand, which will be re-
duced by (1917 dividends) \$5.22 making the net cost \$24.24, which will grow
less each year. Policy will contain total and permanent disability benefits,
which means 1st, waiver of premium payments during disability, and will pay
to the insured \$100 per year while he is disabled, then the face of the policy,
\$1000.00, at death.

Total disability means—loss of eye sight, loss of both hands, loss of both
legs, loss of mind, loss of body power from paralysis or any sickness.

THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Company, Maysville, Kentucky.

Local and Long Distance Telephone No. 40. Office—Public Ledger Building.

Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

MISTAKES AND THE PENALTIES

A New York editor made a personal statement that contained more wisdom than appeared in any of his printed political opinions. He told Bache's Review:

"I wasted my vote on Taft and shall waste it on Hughes. Nothing can beat 20-cent cotton, \$2 wheat and two hours' wages for nothing. We do not vote on public issues any more. Nobody thinks of principle. Mr. Wilson did not cause the conditions for which he will be re-elected and cannot cause their continuance. The worst thing that will happen to him will be to be given the job of cleaning up the things he has started."

The prophecy was fulfilled, but whether Mr. Wilson will undertake the cleaning-up job is questionable. Every political mistake is certain to assert itself, though it may not exact a penalty. The method of settlement of the railway controversy was a mistake and there at least Mr. Wilson is proposing a cleaning up, with results yet to be seen. But if cotton should drop to 8 cents and wheat to 75 cents, with new conditions, nothing but history can exact a penalty and Mr. Wilson then will be out of the spotlight.—St. Paul Dispatch.

It appears that the irrepressible Senator Vardaman of Mississippi presses for the abrogation of the suffrage provisions of the Fourteenth and Fifteenth amendments to the Constitution of the United States. He contends that they are illegal. That an integral part of the national Constitution can be unconstitutional, or that the Constitution can be appealed to against itself, strikes one as a decided novelty in American jurisprudence. But that point aside, is not Mr. Vardaman rather exacting in wanting those articles abrogated? Do they cause any political inconvenience to our Democratic friends in his own state and section? Certainly not. Then what is Mr. Vardaman railing about? In the larger political way, Mr. Vardaman is indiscreet. "Let sleeping dogs lie" is a great working maxim for the Southern nullifiers of the Fifteenth amendment. What they must remember is that supine or indulgent national legislatures have regularly and by inaction also done some nullifying as regards clause 2 of that article. To-wit: "The Congress shall have power to enforce the provisions of this article by appropriate legislation."—Milwaukee Sentinel.

Wilson has in his peculiar make-up a touch of socialism such as no regular Democrat can tolerate. His method of dealing with Congress, while not particularly distasteful to Republicans, is bitterly resented by most politicians in his own party. The close political corporation he has formed at Washington, with himself as the directing head, is particularly obnoxious to aspiring Democratic leaders. It will never outlast the personal popularity of Woodrow Wilson. It will fall apart the moment Mr. Wilson's hold on the party's organization is relaxed. It represents nothing in the way of political principle.

National legislators must be prudent. Every penny of outgo from the treasury must be watched. Needless expenditures must be avoided. If Representative Rainey's warning is neglected there will be those who will be sorry. Spendthrift Congressmen cannot fool all of the people all of the time.—Milwaukee Evening Wisconsin.

A Pennsylvania representative-elect who recently made the trip from Philadelphia to Washington in an aeroplane claims to be the first man who ever went to Congress by the air route. He is sadly mistaken.—Chicago Herald.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

NEWS BRIEFS FROM WASHINGTON

Washington, December 17.—Inquiry among Congressmen arriving in Washington from the States of the Northwest develops the fact that the farmers of that section are having great difficulty in getting seed wheat with which to start their next season's crops. The shortage is almost entirely due to the enormous exportation of the wheat to Europe. Bills containing proposed remedies for the condition have been introduced, and if President Wilson will so far alter his program of railroad legislation as to permit of their being taken up doubtless relief can be obtained.

Women As Rural Carriers
Hon. Halvor Steenerson of Minnesota, ranking Republican Member of the Committee on Post Offices and Post Roads, has opened the session with the introduction of a bill that will prove of interest to farmers' wives and other women living in rural communities. It provides that women shall be considered eligible for appointment in the Rural Mail Service of the country if they are otherwise qualified. Mr. Steenerson's attention has been forcibly called to the matter by a case in his home State where the widow of a rural carrier passed the required examination for appointment to the vacancy caused by the death of her husband, but was ruled out by the Post Office Department on the ground that the services of a woman could not be accepted. Mr. Steenerson intends to get early action on his bill.

Congressmen Feel B. C. of L.
The movement for an embargo on the export of food products has received a decided impetus in Congressional circles. Chicken sandwiches, which last session retailed at twenty cents each in the Capitol restaurants, have been increasing in value during the recess, and now appear on the menu at twenty-five cents apiece. The size also appears to have been reduced. From the zeal displayed by Democratic Congressmen in providing public buildings and deep rivers for their home communities it may be concluded that the remedy will be swift when their own personal interests are involved.

The Kind Cannon Likes
"Uncle Joe" Cannon had a leisure moment the other day, and sunbathed over to the Senate wing of the Capitol. He called at the room of a Senator who has seen many years of service, and who would be called by some a "standpat." On being informed that the Senator was absent Mr. Cannon remarked, "O, well, I did not want to see him about anything in particular, but it sometimes does an old fellow good to talk to somebody with guts." The language is crude but expressive. The subservience of the Democratic Members of the House and Senate to the whims of the President attaches a timely significance to Uncle Joe's remark.

More Light
In a personal letter to a widely-known Republican leader, a prominent member of the National Committee says: "If our national calamity had hit only those responsible more philosophically. Willcox and Hitchcock dominated the national organization, both in New York and Chicago. At the Chicago Headquarters nothing received as much consideration as the question of furnishing money or lucrative positions to the friends of Mr. Hitchcock. When Mr. Willcox appointed the western manager, he exacted the promise that he would subordinate himself to Mr. Hitchcock, and he kept that promise to the end of the campaign."

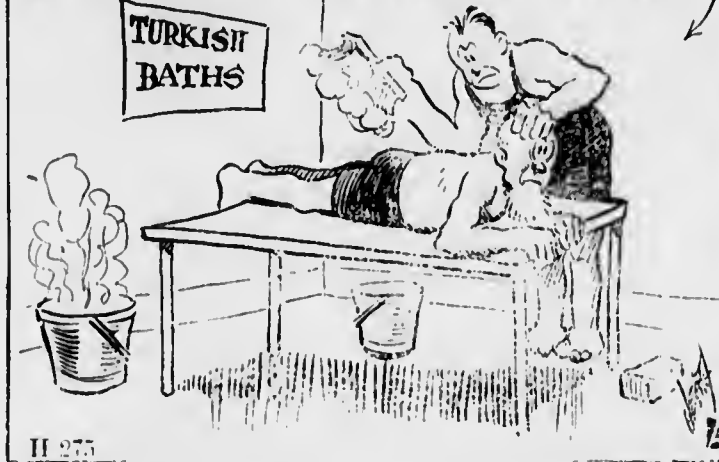

Left-handedness is inherited, often through several generations, according to an English scientist, who has investigated seventy-eight families, including more than 3,000 individuals.

The nearer you come into relation with a person the more necessary do tact and courtesy become.

NEW LADY, MY CAREER AS A SAILOR HAS BEEN RAISER UNEVENTFUL SO FAR—YER SEER, I AINT EVER BEEN IN A SHIPWRECK AND ONLY GOT WASHED ASHORE ONCE IN MY LIFE!

BUT THIS IS HOW HE DID IT

A telegraph cable 6,000 miles long and costing \$5,000,000 is to be laid under the ocean between Aden and Hong Kong.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Chiropractic

(Pronounced Ki-ro-prak-tik)

Will Save You Money

No matter what your ailments may be, do not hesitate to consult the Chiropractor without delay—

First. Because Chiropractic is a sound, sensible, and drugless method of helping nature to restore health through the full and free action of the nerve and vital force within you.

Second. Because the skillful Chiropractor, being a nerve and spine expert, can tell what ails you by an examination of your spinal region, called palpation.

Third. Because, while the Chiropractor does not prescribe drugs, he is getting results very satisfactory to those consulting him, through spinal adjustments, success being the result of Chiropractic. Ask for booklet.

Acting in Good Faith Says George W. Perkins—Efforts to Bring About Harmony Between Moose and Republicans Results in Stormy Protest.

New York, January 16—Efforts to bring about harmony between Republicans and Progressives here today produced as their first conspicuous result a stormy protest from George W. Perkins and Everett Colby, Progressive leaders, that Republican leaders were not acting in good faith.

Chairman William R. Willcox, of the Republican National Committee, called together a sub-committee of the Republican Executive Committee, appointed yesterday to devise a plan of co-operation between Republicans and Progressives. This result of this meeting was the issuance of resolutions adopted for the purpose of forming a supplemental committee to be composed of Republicans and Progressives to have a voice in party affairs.

This would take the place of the joint Republican-Progressive campaign committee which went out of existence after the election.

Perkins Attacks Committee

Almost simultaneously with Mr. Willcox's announcement of this plan at this Union League Club, Mr. Perkins, at his home around the corner issued a statement attacking the Republican executive committee and Mr. Willcox's sub-committee on harmony, but at the same time defending Mr. Willcox. Mr. Perkins declared that at the meeting of the Executive Committee yesterday there had been an effort to force Mr. Willcox out of the chairmanship and to place a reactionary vice chairman in his place to prevent Willcox from "liberalizing" the party.

He called also for a meeting of the entire Republican National Committee to worry out harmony plans, declaring that the sub-committee on harmony, of which Mr. Willcox is chairman, was in the hands of the "Old Guards." When he saw the harmony plan proposed by this committee, he declared that it had been dictated by James A. Hemenway, of Indiana, whom he called one of the "old guards." Mr. Perkins added that he regarded the resolutions "merely as a scrap of paper."

Hemenway Denies Charges

A statement declaring that charges of Mr. Perkins were unfounded, was issued tonight by James A. Hemenway, E. W. Estabrook and former Governor Gillett. They declared it was endorsed by John T. Adams, Cornelius N. Bliss, Jr., and other members of the committee. The statement in part follows:

"There is no justification for the interpretation which Mr. Perkins places upon yesterday's action of the Executive committee. He challenges the selection of John T. Adams as vice-chairman of the committee. In the selection of Mr. Adams there was no slight intended to the Progressives, nor was there any given. His choice was based upon the fact that the November election showed that there is

You save money on rubber footwear with the RED BALL

You save because you get more comfort and more actual days of wear and service than from any other footwear you can buy. Rubber boots, arctic, knit boots—"Ball-Band" quality is always the highest. That is why we recommend it and sell it. Get the kind with the Red Ball. You'll find it on all "Ball-Band" footwear.

MAYSVILLE, KY.

ARE YOU RUN DOWN?

Awaken to the Danger and Aid the Weakened Kidneys.

Kidney sickness often runs you down to the verge of collapse before you know the cause. When you seem unable to pin your mind to any task, your back aches and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The answer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases, attacking brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice kidney disorders. This remedy has given new life and strength to thousands.

Proof of merit in a Maysville woman's statement.
Mrs. Harry Mann, 495 W. Second St., says: "About two years ago, I suffered from an attack of kidney trouble that had lasted for a long time. I had a dull, constant ache in the small of my back and the pains were often sharp. I was also dizzy and felt tired and languid. Two boxes of Doan's Kidney Pills cured me and I haven't been bothered by kidney trouble since. I gladly advise anyone to get a box of Doan's Kidney Pills at the Chemist Drug Co., if troubled by their kidneys."

Mrs. Mann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Mann had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

need of organization work in the West and that his knowledge of conditions there and his political experience made him well fitted for this work."

T. R. Approves Perkins

Oyster Bay, N. Y., January 16—Col. Theodore Roosevelt tonight expressed approval of the stand taken by George W. Perkins and other Progressives in regard to the action of the executive committee of the Republican national committee.

"I heartily approve of what measures Perkins and Colby have done," Mr. Roosevelt said. "I think they have rendered a great service to the American people and to the Republican party."

MILL CREEK COLORED NEWS

Miss Sarah E. Jackson left for Detroit, Mich., to spend the winter with her father.

In spite of the big snow the stork visited the home of Mr. and Mrs. Dan Smith on Sunday morning and left a ten pound boy. Little Vance and mother are doing fine.

Mr. Clarence Thomas is going to move in his new home at Lewisburg in a few days.

Mr. and Mrs. John Allen of Mayslick were the pleasant guests of Mrs. Gault Sunday.

Mrs. Kate Jackson is out again after being confined with grip. The snow is drifted over the wire fence in places on the old Blue Lick road. It is the deepest one in thirty five years.

Mr. Charles Williams delivered a load of his tobacco which brought the best little sum of \$507.

Mr. Henry Clark is suffering with a very bad cold at this writing.

Candle lamps bright enough to be used on bicycles and motorcycles have been invented in France.

A pessimist has no enthusiasm and an optimist is likely to have too many.

After all, there is no best seller that can obtain the popularity of the pocketbook.

A Suggestion

To Tobacco Growers

Nothing, in our opinion, is so liable to seriously effect the present satisfactory prices of Tobacco as the over crowding of the market.

Our advice to you is, bring each wagon load to market just as soon as you get it ready. Don't delay until you get your whole crop, or the most of it stripped. To do so will be a mistake.

A steady market is always better than a glutted one. Don't get too much here at once. As our house is the largest, we are helped most by a rush; but, we know that what is not good for you is not, in the long run, good for us.

We Are For What Helps Everybody Most

That is the reason we so carefully sort and handle each crop of Tobacco before offering it for sale.

Bring each load, as soon as ready, to the

HOME

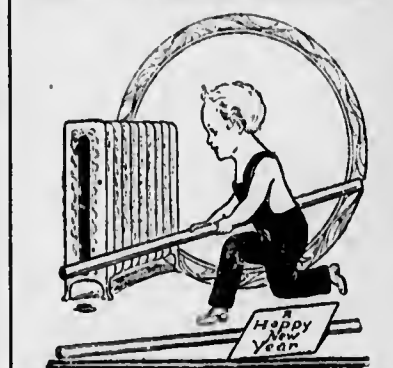

And you will go home satisfied, for we will make it bring you the TOP OF THE MARKET.

Small Farm For Sale

We have for sale a farm of 49 acres located on turnpike, has on it 5-room house, tobacco barn, corn crib, and usual outbuildings. Farm is all in grass, and is all limestone land. Owners reason for selling is he wants larger farm. There isn't a cheaper farm in the county than this farm at the price asked, \$70.00 per acre.

ACCIDENTS HAVE COST THE UNITED STATES NAVY FIVE VESSELS AND MORE THAN \$11,000,000 IN YEAR

Washington, January 16—Accidents and bad luck have cost the United States five naval vessels in the last year. The loss of the cruiser Milwaukee has called attention to the depletion of the navy through accident.

In the last year these vessels have been lost:

Cruiser Memphis, off Santo Domingo, cost \$5,899,639; cruiser Milwaukee, cost \$3,576,113; collier Hector, off Atlantic coast, cost \$627,527; submarine H-3, cost \$526,768; submarine P-4, \$520,652; total, \$11,147,539.

Official inquiry will be made into the cause of the wreck of the cruiser Milwaukee. The fighting value of the Milwaukee, because of obsolescence was considerably less than her monetary value.

DEFECTIVES COST \$167,000 IN 1916

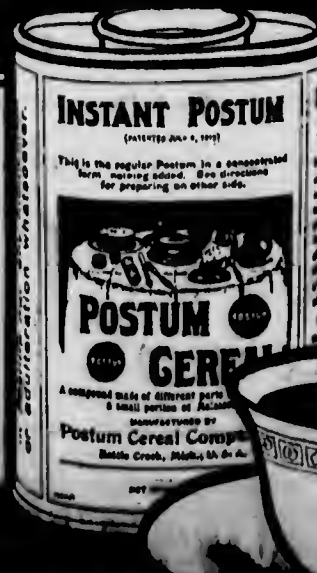

Frankfort, Ky., January 16—Kentucky paid out approximately \$167,000 during the last year for the keep of her pauper defectives.

At a meeting held today attended by Dr. Hines, investigator, State Inspector and Examiner Sewell, State Auditor Greene and E. S. Tuckman, of Louisville, member of the committee appointed to investigate the feeble minded conditions, it was decided to ask the next Legislature to deal with the question of pauper idleness in this State.

The sort of generosity that counts in this world is the generosity that always pays the grocer first.

NEW SYSTEM

Of Promotion in the Public Schools Will Be Inaugurated the First of February—Interesting Article by Superintendent Caplinger.

The following statement has been issued by Prof. J. W. Caplinger, Superintendent of city schools:

That we may classify pupils more nearly according to their several abilities, to save time for the pupils, to be able to make the work more individual, to meet the requirements thrust upon us from pupils of other schools who change their residence to this city, and for the general efficiency of the public schools of Maysville, the Board of Education decided at its September meeting to inaugurate the system, now employed in most of the city schools, of mid-year promotion.

It is my purpose to have several short discussions in the three daily papers between now and January 29th, the opening date of the second semester, first, relative to the advantages, and second, the necessary steps that will have to be taken to make the system operative in Maysville. I will state at the outset that the benefits of tax payers, the change will not involve the expenditure of one additional cent, merely matter of readjustment.

The statement was made at the beginning of this article that the ADVANTAGES are:

(1) A more exact classification of the children according to their intellectual attainments.

(2) A saving of time for the pupil.

(3) Making the work more individual.

(4) Enabling our schools to articulate with the work done in other schools in the case of pupils moving into our city.

It is my purpose to discuss each of these advantages separately. A proper classification of pupils involves, first, a careful analysis of the intellectual inheritance and acquired knowledge of the different children; second, a systematic grouping of like abilities and attainments; third, that the period of time for redistribution of those with similar intellectual content be twice a year or at the beginning of each semester, September and February, instead of September as it now exists. Under this plan each grade is divided into an A and B section—promotions or demotions occur at the end of each five months. To particularize, two boys whom I will call James and George enter school in September both enrolling in the Third Grade. James is considerably above the average in his ability to acquire and understand the work presented by the teacher. In addition to this, his parents are careful about his health; regular attendance; and home habits such as refraining from cigarettes, staying off the streets at nights, member of a gang, etc. George might easily be pictured as the direct opposite to that of James, but let us say rather that this George is one of the fifty-seven varieties who tries to get his lessons but because of irregular attendance—through sickness, indifference of parent or what not—because of a fondness for things other than books and lastly because of no special aptitude for learning finds himself at the middle of the school year lost in the bewildering perplexities of Arithmetic or Language.

Shall we let George go on with the grade and at the end of the year fail him so that he loses the entire year, or shall we demote him before so much valuable time has been wasted and before he is lost so deeply? Returning to James, if his work has been so satisfactory that the teacher knows full well he can do the work in the B section of the 4th Grade he could be advanced to a beginning class of the 4th Grade made up of others like himself, those regularly promoted from the 3rd A and those like George demoted at the middle of the 4th. In the 1914 report of the United States Commissioner of Education, Vol. 1, p. 97, "One of the signs of progress is that few schools now rely entirely upon examinations as a test for promotion. In some schools examinations are made to count one-half, while in others they count only one-fourth. It is now recognized that examinations are not true tests of the pupil's ability to do the next grade's work, and that a pupil should not be promoted on what he knows, but on what he can do. Of 756 superintendents in the smaller cities reporting, 659 say that they are now depending on examinations much less than formerly."

W. J. CAPLINGER.

PEARL WHITE

The popular star of "The Iron Claw" and a special favorite in Maysville will appear in the first episode of "Pearl of the Army" at the Pastime Theater tomorrow.

WILL QUIT

Trains on the O. R. & C., Running Between Ripley and Georgetown Will Be Discontinued on Saturday—Flight to Be Made to Save Road.

(Ripley Bee.)

As has been threatened for some time past the owner of the Ohio River & Columbus Railroad Company have ordered the discontinuance of operations of that road on next Saturday, January 20.

Appeals have been made by the Business Men's Club of Ripley and by the manufacturers along the line to the Interstate Commerce Commission and the Public Utilities Commission of Ohio, setting forth the great injury this discontinuance of operations will work, but as yet nothing has developed. Georgetown, which will also be badly injured, is also making a hard fight to keep the road.

Some \$85,000 is the amount of money invested in this road by Brown county people, and it seems as though they should receive some consideration in the matter. While the road is now owned by private parties yet it stands to reason that the money sunk in the venture by home people should have something, and a hard, stiff fight for the retention of the road will undoubtedly be the result.

The removal of the road will work havoc to Ripley and her manufacturing industries. Many of the them depend entirely upon this road and without it would have to close down. The Ripley Brick Company with its large orders for the coming season would face a problem almost impossible to solve, in transporting its product. The Ripley Loose Leaf Warehouse would also be forced to extremities in shipping the enormous quantity of tobacco which is sold there every week, the big plant of the Standard Oil Company would be rendered useless, and every factory in town would be crippled.

Then too, the town itself would be placed in a bad way, especially in the winter time, when the road is depended upon to carry foodstuffs, merchandise, coal and other necessities that are needed, not taking into consideration the loss of business which is naturally expected to come to town through this channel.

The situation is now becoming desperate and quick action on the part of both the people and the railroad commission is necessary.

What are we going to do about it? Are we going to stand idly and see our railroad taken from us?

BRIDGE AND ROAD WORK

(Ripley Bee.)

The iron bridge near the Aberdeen Fair Grounds is out of commission. A new floor is being laid on it. Persons traveling that way have to detour near the Dr. Moore residence and go across fields to the river road to get to Aberdeen.

Mr. Thomas Whisner, Superintendent of the Ripley and Aberdeen pike informs us that \$7,000 will be spent on this pike this year.

WILL FILL PULPIT

Rev. W. A. Hopkins of Lexington will fill the pulpit of the Central Presbyterian Church on next Sunday, preaching at both services. Mr. Hopkins is one of the leading ministers of that city and will doubtless please his hearers. The congregation and the public are cordially invited to attend.

Entertain your friends at the Woman's Club card party Friday evening. Tickets only 50c.

NOTICE TO PASTORS AND CHURCH CLERKS.

All announced intended for our church column must be in this office on Friday by 12 o'clock to insure insertion. All announcements received after this time will be omitted.

PRAYER MEETING

Regular weekly prayer meeting services at the Third Street M. E. Church this evening 7 o'clock will be led by pastor, Rev. S. K. Hunt.

All are cordially invited to attend this service. A Christian welcome awaits you.

The choir will practice immediately following this service.

WILL GIVE TALK ON DOMESTIC SCIENCE

The Parent-Teacher Association of the center district will meet Friday afternoon at 3 o'clock in Miss Ball's room at the High School building.

The meeting will be a very important one, and all members are urged to be present.

An interesting feature of the afternoon's program will be a talk on Domestic Science by Miss Julia Van Arsdale.

SOMETHING UNUSUAL

A rather unusual sight was witnessed on the streets in this city yesterday afternoon, the same being a six horse team pulling a large load of hay. There are very few six-horse teams coming into this city now and this is the first one we have seen for many moons.

MRS. JACOB RUGGLES

Mrs. Jacob Ruggles died at her home on Short street Tuesday night after an extended illness. She was 21 years of age. The funeral was held this morning from the late home with burial in the Maysville Cemetery.

Miss Julia Jenkins of Flemingsburg is visiting in this city.

REPRESENTATIVE PETITIONED

By the County Board of Equalization in regard to the Voting For a New Tax Law if Special Session of the Legislature is called.

The County Board of Equalization adjourned after having spent ten days in going over the property of the various citizens of the county and five days in hearing complaints.

This board is reported to have made less changes in the taxes of the county than any board in the past twenty years. The exact amount of the taxes for the ensuing year will not be known until County Clerk J. J. Owens and his assistants have furnished the report.

Before adjournment the board petitioned Hon. H. P. Funnell to cast his vote for the tax law if a special session of the State Legislature is called. The petition is as follows: "It is the sense of this board and it is now recorded on these minutes as such that should the Legislature and Senate be called in special session to form a new tax law, it would petition our honorable Representative H. P. Funnell, that he cast his vote for such law as will be equal as to taxation between rich and poor."
